CentralGroup
ROOFING & BUILDING SOLUTIONS

Smart Systems are the UK's leading supplier of aluminium systems. Our roofing refurbishment work has ensured exceptional impact resistance, protection and safety.

A successful collaborative project finished within budget and meeting client aspirations.

What we delivered:

- Transformation of the 12,000m² flat roof
- Installation of insulation and the mechanical fixing of a new Bauder Thermofol single-ply system, with a 20-year guarantee
- Replacing existing roof lights with a Brett Martin barrel vault Marvault polycarbonate roof light system
- A Mansafe Fall Protection system
